

## **Let's Live in Harmony**

Let's come together, be who we are,  
We can't quit, we've come this far  
It's time to share and be a friend  
Within our hearts, it will never end.

Pre Chorus: When we come together

Chorus:     We see,  
              Be-lieve  
              We're free  
              In Harmony (x2)

Rainbow of cultures, spirit of one,  
Eternal choirs spreading peace and love  
Thankful together for what we create  
Harmony between the bonds we make

Pre Chorus: When we come together

Chorus:     We see,  
              Be-lieve  
              We're free  
              In Harmony (x2)

Live, share, give and take,  
Our spirits will never break  
Everyone, everywhere  
It's time to care

Chorus:     We see,  
              Be-lieve  
              We're free  
              In Harmony (x2)
