

# We Remember You

## MISSING, MURDERED... AND MOURNED

We pause and pay respect to the thousands of Missing and Murdered Indigenous Women and Girls (MMIWG) and two-spirit peoples who have been subject to an epidemic of violence in Canada. We seek to learn more about all parts of our history and present day in order to shape a better future for all. We raise the call to take action – personally and corporately – that addresses the racialized and gendered violence inflicted on Indigenous peoples (First Nation, Inuit, and Métis) in Canada. MMIWG has been described as a Canadian national crisis. We invite you to join with us in recognizing each life – equally – as precious.
