

## 2016-2017 New Curriculum and Sexual Health Education in School District #23

Please note that though we address the following big ideas, competencies and content, coverage is limited and it often makes sense to supplement with additional classroom content. We do not have time to completely address most ideas. Our primary focus is sexual health and relationships. Also note that due to curricular overlap between grades some topics are covered only once over the spread of more than one grade.

Grade	Big Idea	Curricular Competencies	Content	Our Topics
4	Understanding ourselves and the various aspects of health that help us develop a balanced lifestyle.	<p>Identify and describe factors that influence healthy choices</p> <p>Identify and apply strategies for pursuing personal healthy living goals</p>	Physical, emotional and social changes that occur during puberty, including those involving sexuality and sexual identity.	<p>Private body parts, inappropriate touching</p> <p>Puberty</p> <p>Diversity</p> <p>Hygiene</p>
5	Understanding ourselves and the various aspects of health that help us develop a balanced lifestyle.	<p>Describe the impacts of personal choices on health and well-being.</p> <p>Identify, apply and reflect on strategies used to pursue personal healthy-living goals.</p> <p>Identify and describe strategies for avoiding and/or responding to potentially unsafe, abusive, or exploitive situations.</p>	Physical, emotional and social changes that occur during puberty, including those involving sexuality and sexual identity and changes to relationships.	<p>Puberty more detail</p> <p>Hygiene</p> <p>Diversity</p> <p>Male reproductive system</p> <p>Female reproductive system</p> <p>Resources</p>
